Welcome to our office. Our goal is to provide you and your family with optimal dental care. We want you to feel welcome and as comfortable as possible throughout our relationship. We encourage you to ask questions and to be involved in treatment decisions. This includes understanding your treatment plan as well as our financial policy.

FINANCIAL AGREEMENT: _____

Patients are expected to pay for our services at the time they are rendered. Our patients who have dental insurance are expected to pay the amount of their estimated co-pay and deductible at the time of service. Payments may be made using cash, check, Visa, Mastercard and/or Discover. We also offer CARECREDIT, which is a financing option that is available only for healthcare expenses.

Optional payment terms: _____

1. Full pay cash discount: For patients without any insurance, we offer a 5% accounting courtesy for all services, when the fee is paid with cash or check (no credit cards) in full prior to the commencement of services.
3. Term Loan: By arrangements with CARECREDIT we can offer patients upon approval, an interest-free term loan (up to 12 months) with no down payment, no annual fee and no prepayment penalty. Ask for an application.

Appointments: _____

Your time is valuable, and we respect it. To honor your time and ours, we ask that you arrive at your appointment on time.

We do everything possible to keep the cost of dental care down. However, our cost of providing care increases greatly when people fail to keep scheduled appointments or cancel at the last minute. **We ask that you kindly give us at least 48-hours notice for any cancelled appointment. If less than 24 hours notice is given, there will be a charge of \$50.** After 3 missed appointments or cancelled appointments we will place you on a short call list, which means we will phone you when an appointment time becomes available on short notice. This gives you the opportunity to know if your busy schedule has an opening for a dental appointment within the next few hours.
